

ELITE INTERNACIONAL FUTBOL

ELITE INTERNACIONAL FUTBOL

WHO WE ARE?

LOS ALTOS

Since 2007, we have been establishing relationships with soccer academies and clubs in the United States, with proposals for sports exchanges and projects. In 2022, we reached an agreement to recruit and train players with F.C. Cincinnati, one of the most important clubs in the MLS. This achievement gave us the opportunity to open up not only to professional soccer, but to the entire semi-professional spectrum of US Soccer, reaching the university soccer space with a projection to elite soccer. Today, we are the only team from Argentina that will participate in the most important college soccer tournaments in the United States, such as the Nike Blue Chip and Gateway Showcase organized by Kings Hammer FC, a club classified as a youth trainer for the United States Soccer teams and the largest organizer of soccer events for university scholarships.

D10 FOOTBALL CLUB

With more than 11 years of experience in youth football in Pilar, Buenos Aires, Argentina, D10 Football Club has established itself as a benchmark in the comprehensive training of young footballers. Throughout our history, we have made national and international trips, giving our players the opportunity to compete in different contexts and gain valuable experiences. Our methodology is based on the training of people, promoting human values, the spirit of fair play and teamwork, in addition to developing individual technique and general concepts of football. We are proud to have experience in AFA football and in youth leagues, which allows us to offer an enriching and competitive learning environment.
